My Personal Purpose:

My Business Purpose:

My Catalyzing Statement:

Q: What will be most important for you to achieve in this next calendar year?

Q: What will be most important for you to achieve in this next decade?

Q: What 3 words will encapsulate this next year for you? (This is your theme.)

Q: What are your themes for this coming decade?

Q: Where will you be in 10 years from today? Describe your life as clearly as possible. This will increase the probability of having it happen.

**Note:** all goals should be S.M.A.R.T. (specific, measurable, attainable, realistic, and tangible). You may also consider that each goal has both a numeric result and an associated habit, i.e., I want to lose 20 pounds and I will work out 5 days per week with a trainer. We have found that virtually ALL goals can (and should) have both components. Sometimes it's not so obvious how you can break your goal into both components.
